—The Men's Bible Class of the Presbyterian church, of Paris, most heartily endorses the efforts of the Y. M. C. A. to raise \$35,000,000 to provide recreation and moral training for the soldiers, not only on the firing line in Europe, but also in the training camps at home. No feature of the Y. M. C. A. work so quickly reaches so many men, nor fills so great a void in the lives of the men reached as this work among the soldiers. No phase of the work is so important. It contributes to the greatest asset of successful soldiers, "a sound mind in a sound body," and as such merits the support and encouragement of all who are anxious or are willing to do their bit to help

win this great war, for in no way can a small contribution yield so full a harvest.

PEALE COLLIER, President.
O. G. LYTLE, Secretary.

Ellis read a summarized report showing that the church had received the enormous sum of \$1,745,535.48 during the past year in furthering the work of various departments of the church.
